One of the most important issues that all countries, including the Islamic Republic of Iran, are seriously facing is the use of narcotics trafficking, which causes a lot of problems for today's society. For executive agencies and looking at the basis of jurisprudence can be in the process of control. This is a shadowy shadow. The main purpose of this article is to review the history of the anti-narcotics laws from the beginning of the victory of the Islamic Revolution of Iran. The first chapter deals with generalities in the first chapter, and in the second chapter, the criminalization of narcotics and changes in the law on counter narcotics. It is stated in five stages that took place in 1357-1376-1376-1396. The third part of the article has been tried and in the second part of the amendments to the anti-narcotics laws.
laws are stated in five stages. In the third chapter, the narrative of drug use is traced from the point of view of jurisprudence, and to some extent, the punishment or the rule of the narcotics crimes to be given
