

male as husband. Although, in the reciprocity of the divorce of interests and sentence But the referral rule, like any other means, may be in the wrong direction, and the most frequent cases are when a woman is divorced by her husband for reasons different from her, and after the husband refuses to give the divorce a reference to the court and the requirement A husband divorces, etc., agrees to separation from his wife, but after these difficult stages, the husband returns to the former state, which makes it possible for the husband to be used by the husband to oppose the divorce of the husband, in which case the woman's quest will remain in order. That every time a husband is referred to uselessly
